## Hockey Pitch Project Presentation

### 1. Hockey in Salem – Status Quo

- Hockey is the core sport at Schule Schloss Salem, with a very long tradition. The school would like to further strengthen the sport of hockey. In 2017, the sports field on the Salem site was extensively renovated and very good training conditions have been created for the pupils..
- This professionalisation of training and playing facilities is now also being further expanded at the Härten upper school campus.
- Currently, over 100 students from grades 5-12 play hockey in 14 courses.
- The current grass field will be replaced by an artificial turf hockey field. With a modern artificial turf pitch, games up to the 2nd Bundesliga level can be played on the Härten campus where visiting teams can also be welcomed.

### 3. Current planning status

#### Reconstruction

The Härden sports field is being rebuilt - the tartan track and outdoor facilities are in perfect condition and will not be changed.

#### Planning office

Leading landscape architects in sports facility planning **ps+** from Osnabrück have been secured for the project.

#### Turf

The current turf will be removed and a new foundation built. The most modern artificial turf from Polytan, 'Poligras Paris GT zero', which was developed for the Olympic Games in Paris 2024, will be laid. The unique thing about it is that the strips are sewn together and also to the ground surface in a complex process.

## Hockey Pitch Project Presentation

### 3. Current planning status

#### Irrigation

This artificial turf is the first climate-neutral artificial turf, requiring 50% less water for irrigation than its predecessor. Thanks to the irrigation system, the artificial turf is ready for play within a few minutes.

In general, an artificial turf requires significantly less water than a natural turf, as it only needs to be watered selectively for use and not continuously, as is the case with a natural grass pitch.

## Hockey Pitch Project Presentation

### 3. Current planning status

#### Multiple use for sports

In addition to the standard line marking for hockey (large,  $\frac{3}{4}$ - and small field), football lines will also be marked. Likewise, the classic school sports options are still given. This means that not only the sport of hockey but also other sports and opportunities as well as regular school sports will benefit from the new pitch.

For other sports (e.g. football), the irrigation will not be switched on, so for the players the turf makes little difference to a normal grass pitch.

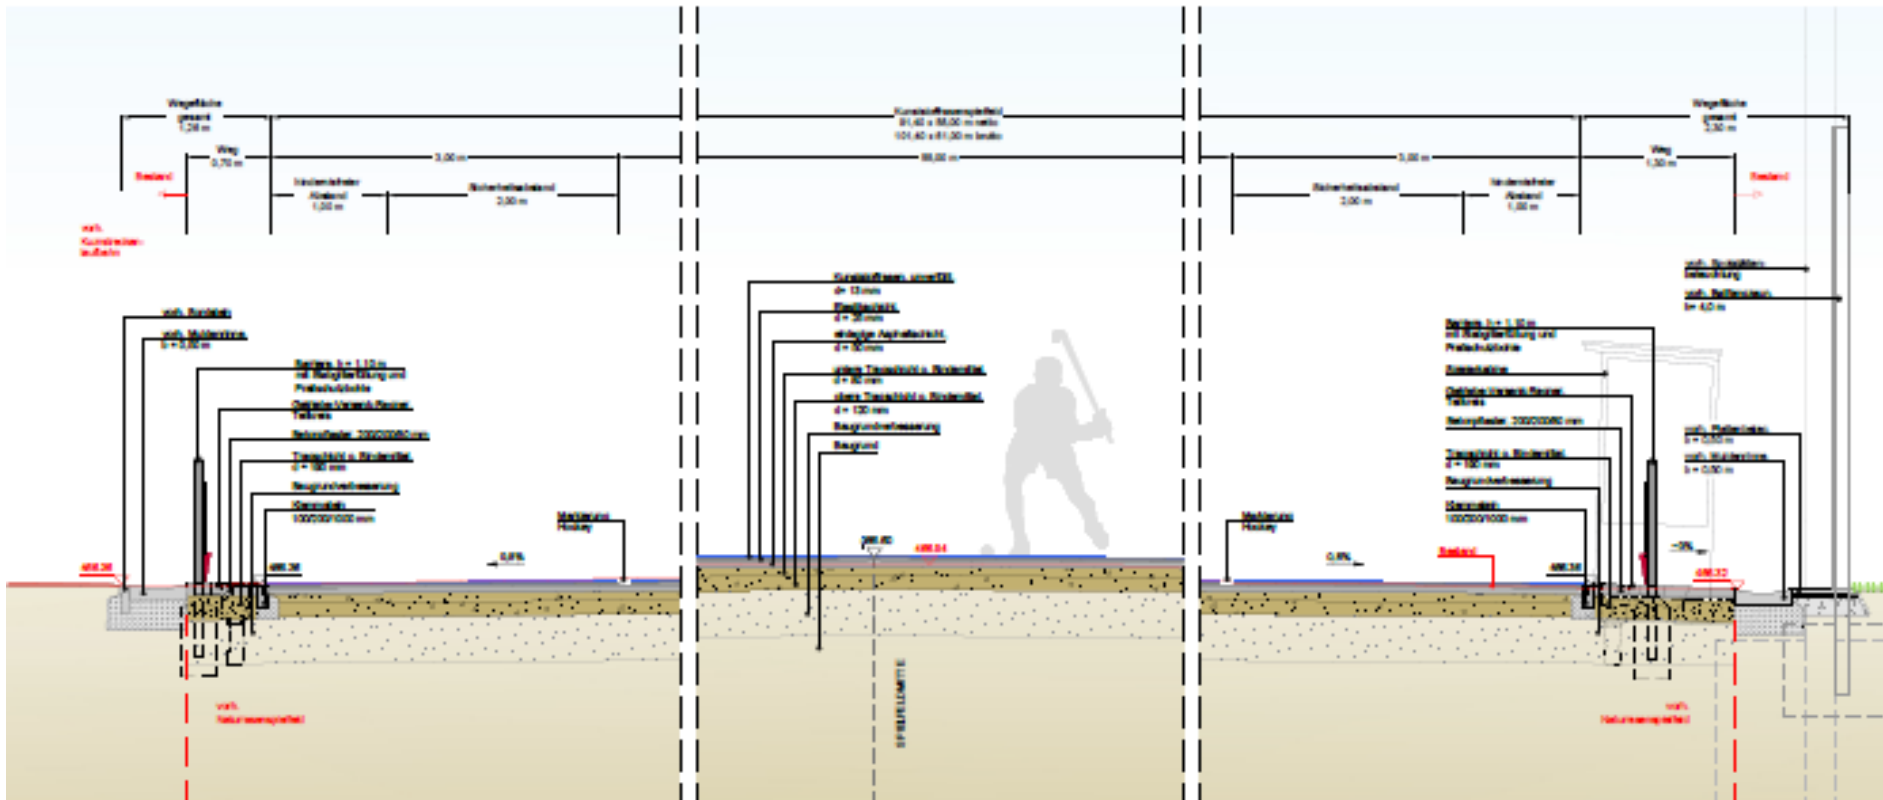

Cross Profile -  
Preliminary Draft

3. Current planning status

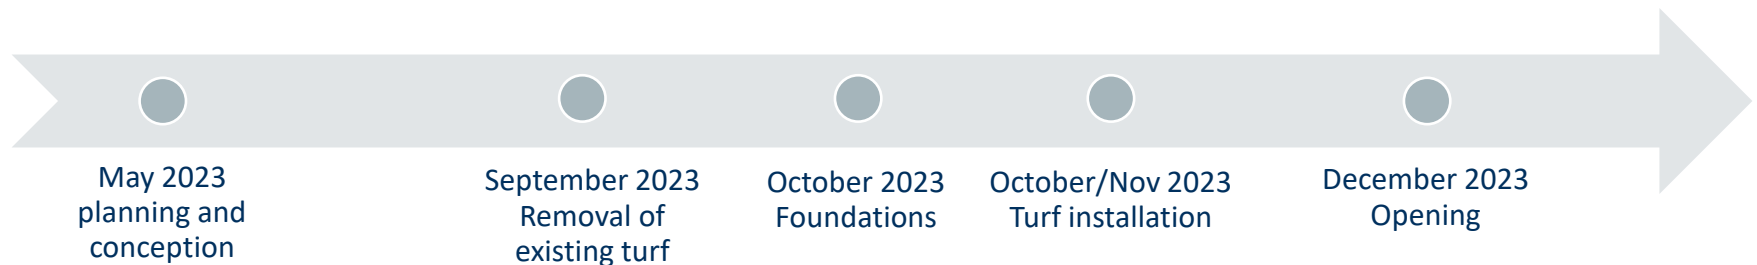

## Hockey Pitch Project Presentation

### 4. Schedule and Costs

- Planning and conception to May 2023
- Invitations to tender May – July 2023
- Removal of existing turf September 2023
- Construction of foundation and irrigation system October 2023
- Installation of artificial turf from October/November 2023
- Opening expected December 2023  
(weather dependant)

## Hockey Pitch Project Presentation

### 4. Schedule and Costs

- The costs for the renovation of the hockey pitch on the Härten campus amount to approximately 1 million euros.
- Half of the project will be financed by the sponsoring association of Schule Schloss Salem e.V.
- The remaining costs are to be financed through fundraising initiatives.

### 5. Donation opportunities

#### BANK ACCOUNT:

SCHULE SCHLOSS SALEM | SPARKASSE SALEM-HEILIGENBERG  
IBAN: DE39 6905 1725 0002 0019 07 | BIC: SOLADES1SAL

#### Your personal turf

Secure one or more squares of turf. Your name will be immortalised on a large billboard on your lawn pieces!

##### Square 'normal' artificial turf hockey field:

1 square: 100 Euro

##### Square artificial turf hockey field with line marking:

1 square: 200 Euro

##### Square in the shooting circle, incl. corner delivery point and front goal area:

1 square: 500 Euro

##### Centre point:

1 square: 750 Euro

Sold out

##### 7-meter point:

1 square: 1.000 Euro

Sold out

*1 square corresponds to the dimensions 2.28 m x 2.11 m on the hockey field*

#### Ihre Großspende für den Hockeyplatz

Ihr Name bekommt (sofern gewünscht) einen Ehrenplatz auf der Stelltafel und dem jeweiligen Gewerk:

##### Hockey goal:

Each goal: 20.000 Euro

1 goal available

##### Substitution bench for teams (box):

Each Box: 10.000 Euro

#### Friendly match on the hockey pitch

Use the new hockey pitch for your friendly match of your hobby club, your company or with friends:

Donation: 5.000 Euro

### Donation opportunities – pitch squares (squares with x are already assigned)

## Hockey Pitch Project Presentation

### 6. Statements about the hockey pitch

**Dr. Günther Metzner, hockey enthusiast, Altsalemer and father of a Salem student in the upper school:**

*„ Hockey has been played on artificial turf all over the world for over 30 years and I am very happy that we can now set a new standard with the new pitch at Härten. This way, hockey in Salem can once again take on the status we all wish for: In school competitions, in "Jugend trainiert für Olympia", in youth club sports and of course in the traditional game against the Altsalemers!"*

**Thomas Obitz, Business Manager and Managing Director, Schule Schloss Salem:**

*„ My wish is that our college students will have more use and enjoyment of the Härten pitch in the future. An artificial turf surface can be played on all year round - except when it snows - whereas the previous hybrid turf required many phases of care and maintenance. In addition, we are significantly reducing water consumption - an important sustainability goal in times of impending water scarcity!"*

**Julian Priebus, Hockey Trainer, Schule Schloss Salem:**

*„The new artificial turf pitch opens up completely new and improved training and playing opportunities for the sport of hockey. Our traditional sport will be raised to a higher and more professional level. Up to now, the possibilities for organizing official games and tournaments have been very limited - and competing with others is precisely the goal of a sport. The motivation for the students to play hockey will be even greater. All in all, the new artificial turf pitch will significantly raise the status of sport at Schule Schloss Salem, both internally and externally.“*

## Hockey Pitch Project Presentation

### 6. Statements about the hockey pitch

#### Salemer Schülerinnen und Schüler

*„As a hockey captain at the Upper School site, I can tell you that it would be an enormous relief for us to have a proper, large, wide pitch specialised in hockey at Härten. The team would not only benefit from the shortened journey (currently we always have to take a bus to Salem), but also get a better feel for big pitches. Other teams that we compete against train on large pitches and therefore have a clear advantage when playing against Schule Schloss Salem, as we hardly have any feel for large pitches.*

*Personally, I would also find it great to finally welcome teams at home. This means holding tournaments on our court. This way, we wouldn't have to travel to Reutlingen every time, for example, but could welcome our opponents on our home pitch with our fans. Another, and important point is that hockey is a traditional sport at Schule Schloss Salem. A school that supports the sport so much should also have a decent place for the sport."*

Julius, Hockey Captain, Abi 1

## Hockey Pitch Project Presentation

### 6. Statements about the hockey pitch

#### Salem Upper School Students

*„For me as a hockey player, a proper hockey pitch is important for Salem not only because Salem’s main school sport is hockey, but mainly because we need a proper pitch to train and to host games and tournaments, such as the traditional game between the Altsalemer and the current school team.“*

Philipp, Abi 2

*„As a pupil and hockey player at Schule Schloss Salem, a new hockey pitch means not only the opportunity to play sports together with my friends ,but also anticipation of hockey later when I come back to visit as an Altsalemer. So an artificial pitch is not only important to me now as a student, but also gives me a piece of home for the future, through hockey, that I can always look forward to.“*

Elsa, Abi 2

*„As a student and hockey player, the new hockey pitch is of great importance to me as hockey is an important part of our school's tradition. The new pitch will give us the opportunity to conduct our training and games on a modern and high-quality pitch, which will make us more competitive as a team and school in the long run. It will also allow us to attract more people to the sport and continue our successful hockey tradition.“*

Felix, Abi 1
